Cooking For The Community was formed in 2011 to help local families in need. We have fixed a variety of houses suffering disrepair and other needs... roofs, carpentry, plumbing, electrical, and a wheelchair ramp for an amputee. We have also provided Christmas gifts, meals, beds, a wheelchair, and a car. And we are sponsoring thirty children in after-school tutoring. Last year's Boston butt sale provided funds for the replacement of an entire home that was beyond repair. Please visit the website for more information on the service projects we have completed, and read about our plans for the future. Cooking For The Community is a not-for-profit organization, a ministry of Eastern Shore Presbyterian Church.
